REVOLVERS

New for 2023: Rossi Revolvers - the return of legendary wheelgun performance.

From the open range to the city, there's nothing more reliable than a .357 Magnum six-shooter, a platform and caliber that has stood the test of time in the service of professionals and lawmen.

The attention to detail with which Amadeo Rossi built his company in 1889 is evident in this latest addition of a modernized classic to Rossi's heritage of Legendary Performance.

RP63 REVOLVER

The Rossi RP63 - your next carry gun. A stainless-steel revolver chambered in .357 Magnum, the RP63 is perfect for home defense or every day carry. The rounded grip frame reduces printing when carried concealed, and with a higher capacity than similarly sized revolvers, the RP63 holds six rounds in its cylinder. The sights are fixed, which is optimal for a carry gun, and the front sight is ramped for a snag-free draw. Like all the new Rossi revolvers, the firing pin is mounted on the hammer, which has been a feature of Rossi Revolvers for over a century. Rounding off this redesign is an all-new match-grade trigger that elevates the shooting experience.

R92 RIFLES

No rifle does classic American styling and swift, light handling like Rossi's legendary R92. Built on the proven model 92 lever action and now available in 454 Casull. The Rossi R92 combines a traditional hardwood stock with blued or stainless-steel finish to deliver a big-bore rifle suitable for the backwoods or the back forty. Adjustable rear buckhorn sight, an elegant classic wood profile, and an exquisitely smooth-cycling action prove that present-day engineering can integrate with time-honored design.
